Proceedings of the Government of His Highness

the Maharaja of Mysore

Public Works Department

R e a d:-

(1) G.O.No L 5242-44/M1 131-24-3 dated 2nd January 1925, directing that the entire maintenance charges of the Mysore City Water Works - should be borne by the Municipality from 1st July 1925

(2) G.O No L 509-512/M1 137-23-13 dated the 22nd July 1925, directing that the entire maintenance charges of the Bangalore Water Works should be borne by the Municipality from 1st July 1926

(3) Letter No W A D.Mis 2266 dated the 26th June 1926 from the --- Comptroller of Mysore, requesting orders as to whether the water works should be treated as contribution works, the estimated cost being --- recovered in advance from the Municipality the expenditure should be incurred by Government in the first instance and recovered from the Municipalities on presentation of bills and whether the Establishment and Tools and Plant charges may be levied

(4) Note No D 183 dated the 7th September 1926 by the Public Works Secretary on the subject

Order No 1040-44/S Dated Bangalore, the 29th January 1927

In paragraph 13 of G.O No.L.509-512/M1 137-23-13 dated the --- 22nd July 1925, it is ordered that Government are not prepared for -- obvious reasons to transfer for the present, the management of the -- Chamarajendra Water Works to the Municipal Council But the - - - maintenance charges of the Chamarajendra Water Works and Vani Vilas Water Works are to be met by the respective Municipality Each has its own independent establishment, the charges on account of

will be included under maintenance charges The works will not
therefore be treated as contribution works

2 The expenditure on works and establishment may be met by --
Government in the first instance and bills presented to the - - --
respective Municipalities by the Comptroller every quarter furnishing
at the same time copy to the Executive Engineer, Water Supply Division
The latter should see that the bills are promptly paid by the ----
municipalities and also the entire charges for the year recouped -
before the official year closes

3 In addition to the establishment charges referred to in ---
paragraph 1 above, Government direct that the Municipalities should
bear the charges on account of direction and audit at $1\frac{1}{2}$ and 1 per
cent respectively together with 5 per cent on the cost of the ----
establishment charges of the Office of the Executive Engineer, ---
Water Supply Division to cover centage on construction As - - -
regards Tools and Plant, the expenditure will be included in the -
annual maintenance estimate

- Government also note that the Municipalities should bear the
pensionary contribution of the permanent employees on the maintenance
staff As a matter of concession, however, these charges are ---
waived for a period of 3 years from 1st July 1926 on the expiry of
which, the Chief Engineer will take up the question and submit for
the orders of Government

BANGALORE.**

me 84-27-

I have the honour to state that in the cases of all water supply estimates received from the Executive Engineer, Water Supply Division for countersignature, establishment, tools and plant charges at 18% are being included and recovered from the Municipality. As per the latest arrangement, sanctioned in Government Order No.L. 4235-3/VI. 84-27-6 dated 4-7th January 1927, the entire cost of operation and maintenance of the Vani Vilas Water Works at Mysore is borne by the Municipality and Government in the proportion of 2 to 1. As such, charges for establishment and tools and plant, in the fixed proportion, are being paid under quarterly consolidated bills that are being received through the Comptroller. The inclusion of establishment and tools and plant charges in individual estimates is, therefore, redundant and unjustifiable.

In these circumstances I request that you may be so good as to issue instructions not to levy the establishment and tools and plant charges in future in respect of the estimates for Municipal contribution works

I also request that the aggregate amount of establishment

P.T.O.

establishment and Tools and Plant charges recovered from the Municipality ~~xxx~~ on the several estimates since 1st April 1927 may be ordered to be refunded to the Council

I have the honour to be

Sir

Your most obedient servant

Richard

QT 590

PRESIDENT'S OFFICE

Dated 20th September 1928

Dear Sir

Referring to letter No 2205/ML 133-28-2 dated 19th September 1928 from Government stating that orders for installation of a chlorinating plant have been issued and directing the Municipality to meet the cost of installing the plant and its maintenance charges I wish to bring to the notice of Government that there has been considerable dissatisfaction to the public in general by imposition of the flat rate and following this public feeling the Council have now appointed a sub-committee to submit proposals to Government for revising the arrangements ordered in Government Order No L 4285-8/11 84-26-6 dated 4-7th January 1927 regarding the shares of cost of maintenance to be borne by the Government and the Municipality. In case the Government are pleased to waive establishment tools and plant charges of works executed by the Water Supply Department for the Municipality in view of the Municipal contribution of $\frac{2}{3}$ of ^{the} cost of maintenance, it would be easy for the Municipality to meet *their share of*

the additional charge of maintenance of chlorinating plant

I therefore request you to kindly move Government to consider the question of waiving the establishment, tools and plant charges sympathetically *as prayed for in*

letter No QT 590 dated 8/9/1928

Yours sincerely

Madhava Rau

CHIEF SECRETARY
12 OCT 1928
The Chief Secretary to the Government
of His Highness the Maharaja of Mysore,
Bangalore.

With reference to your letter No.2205 /XL 133-28-2 dated 19th September 1928, re Chlorination of water in Mysore City, I have the honour to state that the Municipal Council have approved of the Chlorination of water, but they find it very difficult to meet this extra cost, until the establishment, tools and plant charges - a heavy sum towards which is now claimed by Water Supply Department, on several estimates received from them, but pending payment for want of funds - as per this office letter No.G. 1899 dated 9th June 1928, and subsequent reminders thereon. A copy of the Council's Resolution No.176 dated 29-9-1928 in the matter is enclosed herewith for information and early orders of Government.

The facts relating to the question of meeting the establishment, tools and plant charges have been referred to the Chief Engineer unofficially. It is pending with him what may also be sent to him in confirmation to expedite the matter.

I have the honour to be,

Sir,

Your most obedient servant,
